Things that are novel, or new and unusual activate parts of our brain that invoke curiosity, and thus attractiveness.

Contributing to Cancer Research. One may think for example on the distress of the Christian soul, that sighing over inner polluted-ness, the worry over salvation - all of them notions which stem only from idiocies of reason and scarcely serve as any satisfaction, but rather annihilation. Les exemples sont innombrables. Ben had been unfaithful to her, she was sure, though, of course, he had denied it.

mitate works on two main levels: first, replacing the traditional natural setting with a modern domestic one; and second, replacing the geese imagery with a scene of young love. They and their allies in the media and academe insist there is no hope for achieving such a cut without ruining the economy.
