This article relates what happened to the records of the German era after the colony became a mandate under the British administration and after the attainment of independence.

Everything that Information exploiters have is from other people. Witness the simulated dialogue and, above all, the breaks in the logic of the discourse and in the phraseology that the staccato versification renders. Looking just at days 0 and 1 may make you worry about contagion, but if you have a horizon of 5 days or longer, you would not necessarily start to integrate contagion in your risk model.
