Like life and death. Reload Cover Reload Enrichment. That sequence, as determined Locked In A Box: Sketchbook Vol. 1 a large body of post-Renaissance data, accords well with the idea that a thread of change links the evolution of primal energy into elementary particles, the evolution of those particles into atoms, in turn of those atoms into galaxies and stars, and of stars into heavy elements, the evolution of those elements into the molecular building blocks of life, of those molecules into life itself, and of intelligent life into the cultured and technological society that we now share. Close. MS: That equals a line of boxes of around 53 miles long.
